Nut Cake

Simply Delicious
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

In giving this recipe, Mrs. Hill believes it to be one of the best all-around cake recipes it has been her good fortune to make. The simplicity and uniformly good results will appeal to every housewife.

K.C. Nut Cake
One-half cup butter; 1 1/2 cups granulated sugar; 1/2 cup milk; 2 cups flour; 2 level teaspoonsful K.C. Baking Powder; 1 cup of nut meats chopped fine; whites of 4 eggs, beaten dry.

Sift flour and baking powder together, three times. Cream the butter, add the sugar; then alternately, the milk and the flour mixture; lastly the whites of eggs and the nut meats. Bake in a shallow pan thirty or forty minutes. When cold cover with the icing and decorate with white nut meats. This is also an excellent white cake recipe when nuts are omitted.

Chocolate Icing
One cup granulated sugar; 1/2 ounce chocolate; white of 1 egg, beaten dry; 1 teaspoonful vanilla extract; 1/2 cup water.

Sift the sugar, chocolate and water until the mixture boils; cover and let boil three minutes. Uncover and let boil till when tested in cold water a soft ball may be formed; beat into the whites of eggs, then beat until cold, add vanilla. The nut caramel frosting given on page forty of the K.C. Book may be used in place of the chocolate frosting, if desired. A copy of the K.C. Book, handsomely illustrated in colors, will be mailed free, if you will send the enclosed certificate packed in 25-cent cans of K.C. Baking Powder to the Editors, K.C. Book Co., Chicago.

Corn-Mad? Use "GETS-IT," It's Sure

Makes Corns Vanish Like Magic!
A hard corn of skin makes up every corn. When you put 2 drops of "GETS-IT" on it, it shrivels up and comes right off—there's your corn gone by the board! Simple as taking off your hat!

Don't Waste Time "Hollering." "GETS-IT," World's Simplest Corn-Cure, Never Fails.

That's why corn-millions have gone wild over "GETS-IT"—nothing like it ever known. Some folks, to this day, put butter around with bandages, sticky tape, thick plasters, and so on, pulling, salves, gouge corns out with knives, and then with scissors, make them bleed and then bandage them. They don't get rid of corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done. "GETS-IT" does the rest. No pain, no itching, no changing shoes, no limping. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else.

"GETS-IT" is sold by druggists everywhere, in a bottle, or sent direct by E. Lawrence & Co., Chicago—Adv.

To Put On Flesh And Increase Weight

A Physician's Advice
Most thin people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky fellows eat very lightly and keep gaining all the time. It's all a matter of what they eat. It's the nature of the individual. It isn't Nature's way at all.

Thin folks stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will pass their fatty food elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood carrying power.

For such a condition I always recommend eating a Sargel tablet with every meal. Sargel is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh building elements known to chemistry. It is absolutely harmless, yet wonderfully effective and a single tablet eaten with each meal often has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargel is sold by A. E. Ryan and other druggists everywhere on a positive guarantee of weight increase or money back—Adv.

UTILE ORDINANCE TO BE ENFORCED

Bond Reduced to \$1000; the Mayor Says Council Alone Prepared Ordinance.

A bond of \$1000 per car is provided for in the new ordinance for the regulation of jitney cars, and it will be restricted to specified routes. The ordinance, now receiving its final touches, will probably be passed at a special meeting of the city council this afternoon.

Before a gathering of nickel car owners and drivers who filed the council chamber, Mayor Tom Lea read the draft of the new ordinance, designed to take the place of the ordinance passed by the Kelly administration, which never became operative. Before taking up the reading of the document he made a brief statement to the effect that the council was not seeking to legislate the jitney out of business.

Not to be prohibitive, but to regulate, but in regulating we first want to know what we are regulating, he said. The council and the council alone has prepared this ordinance. The statement was received with applause.

Following the reading of the proposed ordinance, Mayor Lea announced that the council was ready to hear objections and suggestions. He stated that the provision for an indemnity bond to protect passengers had been purposely left out until the owners of cars could be heard from. He said he would be glad to hear suggestions.

Eugene L. Harris, representing the Public Service company and a number of independent operators, objected to the provision requiring drivers to take out their licenses, to designate the routes over which they desire to operate and compelling them to operate only over those routes. He said that on occasions the car owners would like to deviate from their routes in order to secure patronage, as for instance, when a circus was in town. The street car company, he declared, was not restrained from taking cars off one line and putting them on another, when travel was heavy on one line.

Mayor Lea stated that the object of the ordinance is to give the public service and for that reason the clause requiring operation between certain terminals over certain routes had been inserted.

Mr. Harris stated that on the question of bond, the people he represented were willing to give bond, if it could be made. Under present conditions, however, he did not see how the jitney owners could make arrangements, as bonding companies would not bond those who have no property, and most of the operators of cars are not heavy property owners.

Bonds Simplified.
Mayor Lea stated that the council had been led to believe that if proper regulations are enforced, the question of bonds would be simplified. Mr. Harris responded that if the present ordinance and the ordinance proposed by the council are enforced, the bond will not be necessary.

Mayor Lea then took occasion to outline the ideas of the council. "We believe," he said, "that the \$1000 bond required by the old ordinance would be prohibitive and thus is a bond of \$1000 for each car. As to the nature of the bond, it is our idea that the ordinance should provide for the giving of either a personal bond or an insurance bond."

Bonds Heavy for Big Companies.
H. H. Gamble, president of the Jitney company, thought that in the case of large companies, it would not be necessary to give \$1000 bond for each car. The Jitney company, he stated, has some 20 cars in operation. That would mean the giving of \$20,000 bond. He thought that a \$1000 bond would meet every requirement in a company of the size of the Jitney company.

"It would occur to me that the larger the company, the more easy it would be to make bond," said Mayor Lea. "It is the small man who should receive first consideration. If we require \$1000 bond for each car, every man will be on an equal footing."

The Revised Ordinance.
The ordinance as read at the meeting provides for a license fee of \$50 per car. Drivers are required to pass an examination as to their ability to properly drive a car. A grade of 75 percent is required. No person under 18 years of age shall drive a car unless he shall have passed in the city six months preceding the filing of application for a chauffeur's certificate.

Drivers must operate between the terminals fixed in the license, and each car must carry a sign, both in front and in the rear, stating the route. Drivers are required to drive to the end of the route and must operate over their route eight consecutive hours, except on Sundays. Drivers cannot refuse to carry passengers.
